**August 16, 2026**

Dear Students, Volunteers, Speakers, Organizers, and Guests,

It is my pleasure to extend warm greetings to everyone attending **MedX Conference 2026** at the University of Toronto Mississauga.

Congratulations to **Dr. Interested**, its dedicated volunteers, and community partners, for organizing this inaugural conference and creating an inspiring opportunity for young people to explore careers and leadership pathways in healthcare.

This year's theme, "**Explore. Learn. Lead.**", reflects the curiosity, determination, and commitment that are essential to building the future of healthcare. Whether you are considering a career in medicine, nursing, biomedical engineering, health policy, clinical research, or another health related field, today offers a valuable opportunity to learn from experienced professionals, connect with peers, and discover the many ways you can make a meaningful difference in the lives of others.

Healthcare is one of the most important pillars of our community. Its future depends on young leaders who are passionate about innovation, service, and improving the well-being of others. Events such as MedX encourage students to explore their interests, ask important questions, and develop the knowledge and confidence needed to pursue their goals.

I would also like to recognize the volunteers, speakers, mentors, and organizers whose dedication has made this event possible. Your commitment to supporting youth and fostering the next generation of healthcare leaders is truly commendable.

On behalf of the residents of Mississauga and Ward 7, I wish you a successful and engaging conference. May today's conversations, workshops, and experiences inspire you to continue exploring opportunities to lead, serve, and positively impact the health and well-being of our communities.

Best wishes for a memorable and rewarding MedX Conference 2026.

Sincerely,
