

MedX 2026: Greetings from Minister Holland

To the Participants of MedX 2026,

Please accept my regrets that I am unable to join you in person for MedX 2026.

As students considering futures in medicine, healthcare, research, education and public policy, you are beginning an important journey. The knowledge, relationships and experiences you gain through opportunities such as MedX can help you better understand the many ways you can serve patients, families and communities.

I am especially encouraged to see a youth-led organization bringing together students from across Ontario and beyond with physicians, researchers and healthcare leaders. Your initiative and willingness to learn reflect the leadership that will be needed to strengthen healthcare for future generations.

Thank you to the volunteers and organizers who are dedicated to making MedX 2026 possible. I also thank the speakers, healthcare professionals and educators who are sharing their experience with the students in attendance.

I wish you a productive, inspiring and successful conference.

Sincerely,

The Honourable Kevin Holland
Associate Minister of Forestry and Forest Products
Member of Provincial Parliament for Thunder Bay–Atikokan
